and more

Founded in 1998, **Hi-Q Marine Biotech** began in Taiwan, an island surrounded by the sea, with roots in aquaculture. Guided by the chairman's early experience in fish farming, the company discovered the nutritional value of brown seaweed during the cultivation process. It began a long-term journey of marine research and innovation. This led to the development of our proprietary **Oligo Fucoidan (Brown Seaweed Extract)** ingredient series and related products.

In 2026, the company officially rebranded as Hi-Q Marine Biotech Group, establishing a corporate structure that includes Hi-Q Healthcare Biotech Co., Ltd. and Hi-Q Sustainable Aquaculture Co., Ltd. Under our brand mission of **"Safeguarding the health and wellness of the entire family,"** Hi-Q continues to develop **High-Quality** functional products and ingredients, backed by scientific research and guided by our corporate philosophy of **Nature, Health, and Happiness.**

Core Technology : Oligo Fucoidan

Over a Decade of Investment in Scientific Research and Clinical Trials:

Significant resources have been invested by Hi-Q in scientific research and human clinical trials to advance the understanding and application of Oligo Fucoidan.

Multifunctional Properties:

Oligo Fucoidan demonstrates multifunctional properties, including:
Bi-directional immune modulation, anti-cancer effects and anti-inflammatory capabilities.

Versatility in Applications:

Oligo Fucoidan proves to be an excellent ingredient for both oral and topical applications. Its versatility extends to diverse applications, making it a valuable asset not only in health supplements but also in the realm of skincare and cosmetics.

Nurturing Health, Nurturing Seas:
Leading the Way in Marine-Based Wellness

“Hi-Q health” - Products for Human

Hi-Q is a well-established brand in the health and wellness market, offering a wide range of products under the brand names “**Hi-Q health**” and “**FucoHiQ®**.” The Hi-Q health portfolio includes dietary supplements and topical products developed with our proprietary **Oligo Fucoidan (Brown Seaweed Extract)**, with our own ingredients, OliFuco®, FucoBalan®, and FucoSkin®, as key components. These products have achieved remarkable sales figures in Taiwan and overseas markets, including Malaysia, Indonesia, the USA, Japan, and beyond.

“Hi-Q pets” - Products for pets

Hi-Q Pets is branded Oligo Fucoidan dietary supplement and products available for dogs and cats for lifelong health. The products have been used by veterinarians for a long time and are recommended by 10,000 animal hospitals across Taiwan, China, Korea, and Thailand.

ImmuArmor

IMMUNE SUPPORT

The solution for pets experiencing unexplained lumps, significant unintentional weight loss, or persistent pain. It's specially designed to **support those undergoing chemotherapy or surgery**, offering supportive care and essential nutritional support for their overall well-being.

Functions:

Maintain Immunity, Keep High-Quality Life, Disease Nutritional Care

Key Components:

OliFuco® EX Oligo Fucoidan

Form:

Capsule

HeartFight

HEART SUPPORT

The comprehensive solution for pets exhibiting signs of distress such as pale tongue, mouth breathing, loss of mobility in old age, oversleeping, sudden fainting, constant coughing, and shortness of breath. Our specially crafted formula aims to address these concerns, **promoting your pet's cardiovascular health** and overall well-being.

Functions:

Heart Function Care, Maintain the Cardiovascular System, Cell Function, and Vitality

Key Components:

FucoBalan® (Oligo Fucoidan & Laminaria Japonica Extract)

Form:

Capsule

Form: Capsule

RenoShield

KIDNEY SUPPORT

RenoShield is designed to support and **maintain pets' kidney health**. While kidney disease is commonly associated with cats, it can also affect dogs. This is an ideal solution for pets with daily kidney health needs. If your pet is experiencing loss of appetite, weight loss, frequent urination, excessive thirst, or a continuous need to drink water, RenoShield will keep your guard up and ensure the well-being of your pet's kidneys.

Functions:

Keep Kidneys and Metabolism Healthy,
Boost Appetite, Regain Energy

Key Components:

FucoBalan® (Oligo Fucoidan & *Laminaria Japonica* Extract),
L-carnitine

Form: Capsule

JointFree

JOINT SUPPORT

Ensures daily **protection for both joints and bones**, promoting high flexibility and mobility in pets. When pets experience pain, their energy levels can decrease not just due to cartilage issues but also from muscle loss. Muscles play a crucial role in maintaining joint stability, while cartilage prevents bones from rubbing against each other. Our support is designed for pets dealing with abnormal walking posture, joint diseases, low muscle mass, or those recovering from Osteoarthritis surgery.

Functions:

Maintain the Joint Health, Keep the Flexibility,
Build Muscles, Sustain Strong Bones

Key Components:

OliFuco® Oligo Fucoidan, UC-II®, Hyaluronic Acid,
Chondroitin, Calcium Carbonate, Glucosamine

Form: Gel

SkinCare Gel

SKIN PROTECTION

Hi-Q pets SkinCare Gel is designed to support and maintain pets' skin health. While skin discomfort is commonly seen in pets with sensitive skin, it can also affect dogs and cats of all ages. This is an ideal solution for pets with daily skin care needs. If your pet is experiencing redness, dryness, itching, or skin sensitivity, Hi-Q pets SkinCare Gel will help **keep your pet comfortable and support the well-being of their skin**.

Functions:

Soothes Skin Irritation and Skin Protection

Key Components:

FucoSkin® (*Laminaria Japonica* Extract), Hibiscus Taiwanensis
S.Y.Hu Extract, Trehalose, Vitamin B5, Hyaluronic Acid
